

Mrs. Vezino
Teacher, 5th and 6th Grades

The greatest legacy parents can leave their children is love of God and participation in the Catholic faith. At Saint Patrick's, we support and enhance the spirit of faith begun in the home.

Fifth and sixth grade is a time of beginning to think outside of oneself, developing habits of kindness, respect and service. This is reinforced in our classroom time after time. In morning prayer, students pray for each other and for the intentions of family and friends. We try to live out the school year's annual Christ-like theme while applying ourselves to the required curriculum. We do this by participation in service projects and working on building strong relationships with each other.
